

NETGEAR AGM734 Datasheet

NETGEAR AGM734 SFP 1G Ethernet RJ45 Module, up to 100m distance for Managed Switches

AGM734

NETGEAR AGM734 SFP 1G Ethernet RJ45 Module, up to 100m distance for Managed Switches

The ProSAFE® GBIC Module fits into standard SFP slots and drives Gigabit Ethernet up to 100m distances with CAT5E/CAT6.

Features

- Adds Gigabit Ethernet copper connectivity to XSM7224S and GSM7328FS
- Fits into standard SFP slots
- Drives Gigabit Ethernet up to 100m distances with CAT5E/CAT6
- 1000Base-T Gigabit Ethernet copper connectivity
- RJ45 connector
- Fits into the SFP+ interfaces of XSM7224S
- Fits into the SFP interfaces of GSM7328FS
- Drives Gigabit Ethernet up to 100m distances with CAT5E/CAT6 cables
