

Cisco AIR-PWR-C Datasheet

Cisco AIR-PWR-C Indoor AP700W Power Adapter

AIR-PWR-C

Cisco AIR-PWR-C Indoor AP700W Power Adapter

Cisco power adapter AC/DC indoor ap700w (available only as spare). Design that delivers high availability, scalability, and for maximum flexibility and price/performance

General Information

- Manufacturer: Cisco Systems, Inc
- Manufacturer Part Number: AIR-PWR-C=
- Manufacturer Website Address: <http://www.cisco.com>
- Brand Name: Cisco
- Product Name: AC Adapter
- Product Type: AC Adapter

Technical Information

- Device Supported: Access Point

Power Description

- Input Voltage: 120V AC230V
- AC Output Voltage: 48 V DC
- Maximum Output Power: 40 W
- Maximum Output Current: 840 mA

Miscellaneous

- Compatibility: Cisco Aironet Series 702W Access Point
