

Cablexa CAB-8643-8639 Datasheet

Internal HD Mini SAS SFF-8643 to U.2 SFF-8639 NVMe SSD Cable with 15P SATA Power

CAB-8643-8639

Internal HD Mini SAS SFF-8643 to U.2 SFF-8639 NVMe SSD Cable with 15P SATA Power

This HD Mini SAS SFF-8643 to U.2 SFF-8639 Cable is particularly designed to connect an PCIe slot with SFF-8643 port and SSD with U.2 interface. It provides high-performance data transfer by upgrading a computer with a U.2 NVMe SSD. The Cable is capable of performing 5x faster than a SATA SSD even when a U.2 connection is not available on the motherboard. So it can be an efficient and productive choice for networks, servers, workstations.

Features

- Length: 0.5~1 meters
- 30 AWG
- Connector A: Internal Mini SAS SFF 8643 Male
- Connector B: 1 x U.2 SFF-8639 female+1 x SATA 15 pin male
- Impedance = 85 Ohms
- Support all NVMe SSD, RoHS certified

Applications

- Networks
- Servers
- Workstations

- External Storage Systems
