

Cablexa CAB-8654-8654 Datasheet

SlimSAS SFF-8654 4i to SFF-8654 4i SAS 4.0 Cable, Straight to Straight

CAB-8654-8654

SlimSAS SFF-8654 4i to SFF-8654 4i SAS 4.0 Cable, Straight to Straight

This internal 24G SAS cable assembly is the new generation SAS high-density high-speed I/O interface and cable assembly. This interface SFF-8654 is compliant for the SAS 4.0 standard, which supports data rate up to 24G/s. This product effectively releases the bottleneck of I/O channel and meets direct attached storage high performance requirements. For internal SAS slimline cable, GenuineModules.com designs several angles of connection, including Straight to Straight, Right Angle and Side Exit.

Features

- Length: 0.5~1 meter
- Data Rate: Up to 24Gb/s per channel
- SFF-8654 compliant
- Connector A: Internal Slimsas (SFF-8654)
- Connector B: Internal Slimsas (SFF-8654)
- Impedance: 100 Ohms
- 32AWG

Applications

- SAS
- PCIe

- Direct-attached storage (DAS)
- Servers
- Data Storage
- Workstation
