

Cablexa CAB-CX4L-CX4L-0AM Datasheet

10GBase-CX4 CX4 SFF-8470 to CX4 SFF-8470 Direct Attach Cable, Latch to Latch, 0.5 meter

CAB-CX4L-CX4L-0AM

10GBase-CX4 CX4 SFF-8470 to CX4 SFF-8470 Direct Attach Cable, Latch to Latch, 0.5 meter

Our 10GBASE-CX4 10Gb Ethernet cables are made from premium materials to provide high speed interconnect functionality over distances up to 15 meters (even longer with our CX4 fiber cable options). This cable meets the 10 Gb ethernet standard as well as being fully compliant with the IEEE Draft P802.3ak/D5.3 specification. Supports 10GBASE-CX4 and SDR/DDR InfiniBand applications. Direct replacement for the following part numbers as well: AIPC 562330001, Tyco 6751546-1, Gore IBN6800-0.5, HP 444477-B21, 3COM 3C17775, Cisco CAB-INF-26G-0.5, and Amphenol NW-CX428MM000-000.5.

Specifications

- Connectors: CX4 to CX4 (Ejector Type)
- Length (Meters): 0.5m
- Wire: 24AWG Madison Twin Turbo Copper
- Color: Black
- Jacketing: Riser Rated (OFNR)
- Standards: Qualified to the latest IEEE 802.3ak 10GBASE-CX4 specifications
- Features: Data rate per channel of up to 5.0Gb/s (20Gb/s aggregate)
