

Qlogic FTLF1429P3BCV-QL Datasheet

Genuine Qlogic FTLF1429P3BCV-QL 16GB FC 1310nm 10km LW SFP+ Transceiver Module

FTLF1429P3BCV-QL

Genuine Qlogic FTLF1429P3BCV-QL 16GB FC 1310nm 10km LW SFP+ Transceiver Module

Features

- Tri-Rate 4.25/8.5/14.025 Gb/s Fibre Channel through Rate Select
- 10GBASE-LR/LW 10G Ethernet
- Up to 14.025 Gb/s bi-directional data links
- Hot-pluggable SFP+ footprint
- Built-in digital diagnostic functions
- 1310nm DFB laser transmitter
- Duplex LC connector
- RoHS compliant and Lead Free
- Up to 10 km on 9/125µm SMF
- Metal enclosure, for lower EMI
- 1 W maximum power consumption with established link
- Single 3.3V power supply
- Operating temperature range: -5°C to 85°C

Specifications

- Type: Networking
- Brand Name: Qlogic

- Device Type: Transceiver
- Manufacturer QLogic Corp
- Part Number: FTLF1429P3BCV-QL
- Connector: Dual LC
