

# Finisar FTLX8574D3BNL-E5 Datasheet

II-VI Finisar FTLX8574D3BNL-E5 10Gbase-SR SFP+ Transceiver Module

FTLX8574D3BNL-E5

II-VI Finisar FTLX8574D3BNL-E5 10Gbase-SR SFP+ Transceiver Module

This FTLX8574D3BNL-E5 10GBase-SR supports a distance of up to 300m over multi-mode fibre (MMF) using a wavelength of 850nm via an LC connector. This product can operate at extended temperatures between -5°C to 85°C. Digital optical monitoring (DOM) support is also present enabling real-time monitoring of the parameters of the fibre optic transceiver.

## Technical Specifications

- Form Factor: SFP+
- Max Data Rate: 10Gbps
- Max Distance: 300m
- Wavelength: 850nm
- Interface: LC Duplex
- Cable Type: MMF
- DOM Support: Yes
- temperature range: -5 to 85°C
- Compliance Standards: MSA Compliant
- Dimensions: 8.5 x 13.4 x 56.5mm
- Weight: 19 grams
