

# Cisco HWIC-2CE1T1-PRI Datasheet

Cisco HWIC-2CE1T1-PRI 2 port channelized T1/E1, and PRI HWIC (data only)

HWIC-2CE1T1-PRI

Cisco HWIC-2CE1T1-PRI 2 port channelized T1/E1, and PRI HWIC (data only)

Cisco's HWIC-2CE1T1-PRI is the 2-port Channelized E1/T1/ISDN PRI High speed WAN Interface Card which combines multiple T1/E1 WAN connectivity-Channelized T1/E1 and ISDN Primary Rate Interface (PRI), in the same card. The Cisco HWIC-2CE1T1-PRI is software-configurable between E1 or T1 operation, balanced or unbalanced E1 termination, and CSU/DSU. Customers no longer need to buy a specific module for T1 support and then another card for E1 connectivity. Simply purchase a new or pre-owned HWIC-2CE1T1-PRI and save money.

The Cisco 2-Port Channelized E1/T1/ISDN-PRI HWIC combine multiple T1/E1 WAN connectivity-Channelized T1/E1 and ISDN Primary Rate Interface (PRI), in the same card. Applications include fractional or full T1/E1 WAN connectivity, ISDN PRI for primary WAN link or WAN backup, and dial access aggregation.

## Specifications

- Manufacturer: Cisco
- Product ID: HWIC-2CE1T1-PRI
- Product Description: 2 port channelized T1/E1 and PRI HWIC
- Product Type: HWIC
- Application/Usage: Wide Area Network
- Total Number of Ports: 2
- Connector Type: RJ-48C

- Interfaces/Ports Details: 2 x RJ-48C Channelized E1/T1/ISDN-PRI
- Maximum Data Transfer Rate: 2.048
- Height: 0.8"
- Width: 3.1"
- Depth: 4.7"
- Weight (Approximate): 0.19 lb

## Compatibility

- Cisco 2811 Integrated Services Router
- Cisco 2821 Integrated Services Router
- Cisco 2851 Integrated Services Router
- Cisco 3825 Integrated Services Router
- Cisco 3845 Integrated Services Router
